## PERSONAL STATEMENT

Having gained experience in different positions, I have learned to be resilient and a great team player. With the intent to grow my career by creating more thoughtful and interactive content, I wish to have a more hands-on approach to creative projects. By working with high-end clients, I have honed my attention to detail and increased the quality of the content. I thrive on creating visually compelling videos and producing a high quality of work even under pressure.

## SKILLS

- Team Player
- Adaptability
- Resourceful
- Communication
- Proactive
- Technical
- Grit
- Initiative
- Critical thinking

## EDUCATION

### Communication & Hypermedia Degree - 2:1 2014 - IAE Savoie Mont Blanc, Annecy , France

Learning the fundamentals of communication, on a technical and theoretical aspect. Hands-on experience with projects for local businesses to build a professional experience.

Major subjects: Communication techniques, History of Art, Software training, Programming and Project building.

## PROJECTS

### Chapter Leader: Since Oct 2021 - LWD Edinburgh

- Being part of this design community since 2018, a Chapter Leader organises Events, Speakers and Venues for a Edinburgh based Community of over 1000 dedicated followers.

### Charity Work : Jul-Sep 2019 - Digital Skills for Girls

- In partnership with CodeBase Stirling, we are creating an environment to showcase digital skills for young girls and provide them with the tools and guidance for the creative industry.

### Exposed Work: Nov 2013 - Kaleidophone - EchoSocial

- Selected to expose university project at the Music Conservatory of Annecy. Creating a musical and sensorial experience for the visitor, mimicking the adaptivity of a human being in a hostile environment.
